Watershed Pledge

As a watershed steward, I pledge to...

Walk quietly through the watershed and listen.

Appreciate animals' homes.

Take only pictures and leave only footprints.

Eliminate litter and leave the streams and trails clean.

Respect nature and each other.

Share what I learn with family and friends.

Help the streams stay healthy by not stomping on the banks.

Experience new things.

Don't scare the animals.

Put things back where they came from once, I look at them.

Listen and learn from my teachers.

Explore carefully and follow all rules.

Defend my watershed!

Go outside often.

Explore!

The Watershed Stewards Program (WSP) is dedicated to improving watershed health by actively engaging in restoration science, civic service, and community education while empowering the next generation of environmental stewards.

A program of the California Conservation Corps, WSP is one of the most productive programs for future employment in the environmental field. WSP is administered by CaliforniaVolunteers, the Office of the Governor and sponsored by AmeriCorps and the California Department of Fish and Wildlife.
